To Whom It May Concern:

I have worked with Entech Medical Staffing since 2003, with them providing home care services, both nursing and attendant care, to my clients with spinal cord injuries. Their staff provide high quality care and they are invested in my clients' overall wellbeing and health. Their staff are knowledgeable, responsible and have a high degree of professionalism. They are extremely proficient at providing appropriate staffing as needed and their staff does an excellent job with monitoring the health of my clients and contacting me as necessary. I thoroughly recommend them as a homecare agency for both spinal cord and non-spinal cord injured clients. Please feel free to contact me to discuss this in more detail.

Sincerely,
